Detailed Issues & Remediation Action Items (18)

Status	Rule ID	Standard	Pg	Issue & Remediation
FAIL	PDFUA-FONT-001	PDF/UA	1	Fonts Embedded: Font 'Helvetica' is not embedded. Evidence: Font: Helvetica, Subtype: Type1, Used on page(s): [1] Remediation: Open document in Acrobat Pro Preflight, select 'Embed missing fonts', and save the file.
WARNING	PDFUA-FONT-002	PDF/UA	1	ToUnicode CMaps: Font 'Helvetica' lacks an explicit /ToUnicode mapping stream. Evidence: Font: Helvetica, Encoding: WinAnsiEncoding, Pages: [1] Remediation: Convert font to OpenType/TrueType with explicit Unicode mappings before exporting to PDF.
FAIL	PDFUA-CONTENT-001	PDF/UA	-	Tagged PDF: Document is NOT a Tagged PDF. Assistive technologies cannot determine reading order or semantics. Evidence: is_tagged: False, StructTreeRoot present: False Remediation: Tag the document using an accessible PDF authoring tool or Adobe Acrobat Pro's 'Autotag Document' feature.
FAIL	PDFUA-LANG-001	PDF/UA	-	Document Language: Document primary natural language is not specified. Evidence: Catalog dictionary has no /Lang entry. Remediation: Set the document primary language in Document Properties (e.g., 'en-US', 'en', 'es').
FAIL	PDFUA-TREE-001	PDF/UA	-	Structure Tree Root: No StructTreeRoot exists in the document. Evidence: StructTreeRoot is missing from Catalog. Remediation: Add structural tags to the document using an accessible PDF creator or Acrobat Pro.
WARNING	PDFUA-ALT-001	PDF/UA	-	Alternative Descriptions: Cannot verify figure alternate descriptions because document is untagged. Evidence: No structure tree available. Remediation: In Acrobat Pro, right-click Figure tag > Properties > Tag tab > Alternative Text, and enter a descriptive alternative.
FAIL	PDFUA-META-001	PDF/UA	-	Metadata: No XMP metadata stream found in the PDF catalog dictionary. Evidence: Catalog dictionary lacks /Metadata entry. Remediation: Add standard XMP metadata to the document.
FAIL	PDFUA-META-001	PDF/UA	-	Metadata: Document Title is missing from metadata. Evidence: dc:title is empty or missing. Remediation: Provide a concise, descriptive document Title in File > Properties > Title.
WARNING	PDFUA-META-001	PDF/UA	-	Metadata: PDF/UA identification flag (pdfuaid:part=1) is missing from XMP metadata. Evidence: XMP lacks 1 namespace declaration. Remediation: Add PDF/UA identifier using Acrobat Preflight or your PDF/UA export setting.
FAIL	PDFUA-SETTINGS-001	PDF/UA	-	Document settings: DisplayDocTitle is not set to true. The window title bar will show the filename instead of the document title. Evidence: ViewerPreferences/DisplayDocTitle is false or missing. Remediation: Set Initial View > Show > Document Title in File Properties.

FAIL	WCAG-1.1.1	WCAG	1	1.1 Text Alternatives: Image on page 1 does not have alternative text. Evidence: Image at (50.0, 160.0, 250.0, 260.0) Remediation: Add alternative text or mark image as decorative artifact.
FAIL	WCAG-1.3	WCAG	-	1.3 Adaptable: Untagged document fails Info and Relationships (SC 1.3.1). Structure is lost. Evidence: Document is not tagged. Remediation: Tag the document to convey relationships to assistive technologies.
FAIL	WCAG-2.4	WCAG	-	2.4 Navigable: Document lacks a descriptive Title (WCAG SC 2.4.2 Page Titled). Evidence: Title property is missing or empty. Remediation: Add a descriptive title in File Properties.
WARNING	WCAG-2.4	WCAG	1	2.4 Navigable: Ambiguous link text 'click here' on page 1 does not convey purpose out of context (SC 2.4.4). Evidence: Link text: 'click here' at (50.0, 280.0, 120.0, 295.0) Remediation: Make link text descriptive of its target destination (e.g. 'Read the 2026 Financial Report').
FAIL	WCAG-3.1	WCAG	-	3.1 Readable: Primary language of the document is not specified (WCAG SC 3.1.1). Evidence: Document Catalog lacks /Lang property. Remediation: Set the primary language in Document Properties.
FAIL	WCAG-4.1	WCAG	-	4.1 Compatible: Assistive technology compatibility is compromised by untagged structure or restricted extraction permissions. Evidence: Tagged: False, Allows extraction: True Remediation: Enable accessibility extraction and tag the document.
WARNING	QUAL-LINK-001	Quality	1	Meaningful Link Labels: Ambiguous link label 'click here' on page 1 provides insufficient context out of context. Evidence: Link text: 'click here' targeting https://example.com/unlabeled Remediation: Change the link label to describe the specific destination or topic (e.g., 'Download Annual Report 2026').
WARNING	AI-READ-001	AI	-	Cognitive Readability Score: Flesch Reading Ease score: 34.8/100 (Difficult / Academic). Avg sentence length: 8.0 words. Evidence: Words: 16, Sentences: 2, Syllables: 31, Reading Score: 34.8 Remediation: Simplify sentence structures and reduce jargon where possible for broad audience comprehension.
